I. GENERAL INFORMATION

SCHOOL DAY

The academic school day is from 7:55 am to 2:50pm. The main and rear doors to DKMS will be open at 7:30 AM. Supervision is not available prior to this time.

Arrival: Parents that are dropping off students by the busses will pull into the parking lot and students will use the crosswalk to enter the school.

Parents/guardians please report to the office for a visitor's tag. Students are expected to stay in the cafeteria until 7:45 AM, unless they are attending a school-sponsored activity that is supervised by an adult. Back doors will be locked at 8:00AM. Students being dropped off/picked up by parents/ guardians after 8:00 AM should use main entrance doors located on the Northwest side of the building.

Upon dismissal, students riding buses should exit out the doors by the media center. Students being picked up – please use main doors by the office (Northwest).

Please make all attempts to coordinate rides and other after school arrangements before school. This will reduce the number of interruptions to the learning environment. If you need to call, any message for students need to be called in by 2:15 PM. Please refrain from picking students up prior to the close of the school day.

VISITORS

1. Parents or guardians are welcome, but are requested to make an appointment to assure the availability of the person(s) to be visited. Please remain in the front office/lobby during arrival and dismissal.
2. ALL visitors must report to the office upon entering the building for safety and security reasons. After signing in at the office, visitors will

be given a badge to be worn in a visible area while at the middle school. Please enter and exit by the main office door on the Northwest end of the building.

3. **END OF DAY PICK UP** – Please wait for your student in the breezeway to reduce classroom disruption.
4. Student visitors are typically not allowed, but may be at the discretion of the administration. Requests from students should be directed to the office. Student visitors (when allowed) will not be transported on district buses.

ABSENCES/ATTENDANCE

The attendance procedures for DKMS are:

1. Parents are to call the school on the day of their child's absence or send a note to school the next day verifying the reason for the absence.
2. If the parent does not contact the school on the day of the student's absence, school personnel may contact the parent at home or work or an automated phone service may call your home.
3. Failure to contact or notify of an absence within 24 hours or no later than the day of return, will result in an unexcused absence.
4. All excused absences must be documented. DKMS requests you provide documentation for excused absences including extended absences due to serious illness, professional appointments, required court appearances, funerals, school related absences and other absences approved by administration.
5. If unexcused/undocumented absences are more than 10 per year, the school will follow the truancy procedure.
6. If circumstances are such that a phone is not available to you, please contact the DKMS administration to discuss other arrangements.
7. The ATTENDANCE HOTLINE NUMBER IS 623-1540 option 2. Please leave messages re: attendance using this number.
8. Daily attendance at school is expected and will help students to be more successful academically. It is your responsibility to make up work missed due to absences.
9. Attendance may impact whether a student may or may not attend dances, field trips, spectating events, etc...

TRUANCY PROCEDURE

1. Parents will be notified by a letter when their child has 10 unexcused or undocumented absences.
2. According to the Michigan Compulsory Attendance Law, children under the age of eighteen must regularly attend school. If the absences are excessive, a letter will be sent to parents setting a time and date for an appointment to discuss their student's absences.
3. In the event of continued absences, Barry County Intermediate School District Superintendent will become involved and the student's attendance/truancy history will be sent to the Barry County Prosecutor's Office. The Barry Intermediate School District (BISD) may have a truancy intervention program to offer families as an alternative to a court appearance.
4. Barry County Youth Service Bureau or the school liaison officer may be involved in this procedure.

PREARRANGED ABSENCES/FAMILY LEAVE

Please bring a note to the office at least one week in advance with the date(s) and reason(s) why you will be absent from school. A maximum of 5 consecutive days may be used per year for family matters. Only students in good standing will be allowed to take excused family leave. Upon receiving the request the following will occur:

- The office will issue a pre-arranged absence slip to the student.
 - The student will be required to take the slip to all teachers and receive a determination of current standing within the class and initials.
 - Teachers will make attempts to prepare work to be missed in advance and give the work to the student. Students are expected to complete assigned work during time absent for credit.
 - In the event work could not be issued prior to the family leave, the student will be given the number of days absent to complete the work for credit. This "number of days" will be calculated from the date the teacher provides the materials/assignments.
 - Failure to follow this procedure will result in absences documented as unexcused and work may not be accepted for credit.
 - If students plan to attend a funeral, we recommend arrangements be made prior to the day of the services.
- **LEAVING EARLY**
- Students planning to leave early should report to the office with a note before 7:55 AM to get a pass. Your parents/guardian should pick you up at the office when you are scheduled to leave. Parents will be required to sign their students out on the form available in the office. If you are ill and are leaving early, you must notify the office and be signed out before leaving school grounds.

CLOSED CAMPUS

Delton Kellogg Middle School is a closed campus from 7:55 a.m. until 3:00 p.m. This means as soon as you arrive at school, whether you walk, ride your bike, ride the bus, or are dropped off at the door, you are not to leave the middle school grounds until dismissal at 2:50 PM. Students are not allowed to go to the other buildings on campus unless they are going there for a school sponsored event and are under the supervision of a staff person or have a pass to do so.

TARDY/TRUANCY

Definition of Tardy to School: Arriving to school later than 7:55AM. A student arriving to school after this time must report to the office to obtain a pass to class. Students arriving after 7:55 AM should be signed in by an adult or bring a written note. Failure to do so will result in the tardies being documented as unexcused.

Definition of Tardy to Class: Arriving to class up to 5 minutes after the scheduled time for class to begin.

Classroom Truancy: Truancy refers to a student's absence without the knowledge or permission of a parent/guardian or school authority. Students who are more than 5 minutes late to class, without a pass to excuse their late arrival, will be considered truant from class. Students are expected to be in their assigned classes, according to their schedule at all times. Failure to do so may result in consequences such as making up the time during lunches, before/after school, project work, suspension from extra-curricular etc...

Tardy Policy Procedures - Tardy Policy: The purpose of the DKMS tardy policy is to create a culture in which:

Students learn the importance of punctuality and the respect that it shows to all people involved. The disruption to the learning process is minimized. Students learn how to manage their time effectively while managing their social affairs and responsibilities associated with school. A tardy is defined as being late for class. If a student is 5 minutes late or more to class, it will count as truant and the student will advance three steps per truancy. (i.e., if the student has 2 prior tardies and accrues a truancy that = step 5) The following consequences will be given to students who are tardy to class:

1st Tardy – Verbal warning from teacher.

2nd Tardy – Verbal warning from teacher.

3rd Tardy – Email or call home to parents (PSR personnel), and student serves one lunch detention.

4th Tardy – Parent contact (PSR personnel), and after school detention for 60 minutes.

5th Tardy – Parent contact (PSR personnel), after school detention for 60 minutes, and a meeting with parent or guardian (arranged by PSR personnel).

6th Tardy - Parent Contact (PSR personnel), after school detention for 60 minutes.

7th Tardy – Parent contact (PSR personnel), one-day in-school suspensions. (ISS).

8th Tardy – Parent contact (PSR personnel). And one day out of school suspension (OSS).

9th Tardy – Parent contact (PSR personnel), and one

day out-of-school (OSS) based upon insubordination.
Subject to one day ISS and /or OSS with continual tardies.

If a student accumulates nine or more tardies and receives OSS suspensions, they will be considered insubordinate. This is an act of failing to respond to or carry out a reasonable request/directive by school personnel. This may result in the following consequences.

1st offense = 1-3 days OSS

2nd offense = 3-5 days OSS

3rd offense = 5-10 days OSS, with possible recommendation to the Board of Education for long term suspension.

After school, detention rules must be followed or the day will have to be repeated.

The tardies are cumulative for all classes per each marking period.

7th and 8th grade Teacher/Teams will on the 4th tardy refer

CELL PHONES/ELECTRONIC COMMUNICATION DEVICES/ELECTRONIC DEVICES

Per DK Board Policy 5136: A student may possess a cellular telephone or other electronic communication devices ... provided that during school hours, school events and on a school vehicle its use is not disruptive or distracting to the educational process, and provided that the cell phone ... remains off. The unauthorized use of cellular phones and ECD/ESD to communicate or access information during classes or testing is prohibited. Also, during school activities when directed by the administrator ..., cell phones and other ECD/ESD shall be turned off and stored away out of sight. At no time should video or pictures be taken of any other student or staff member. The use of cell phones and other ECD/ESD in locker rooms or restrooms is prohibited. Possession of a cellular telephone or other ECD/ESD by a student is a privilege, which may be forfeited by any student who fails to abide by the terms of this policy, or otherwise engages in misuse of this privilege. Violations of this policy may result in disciplinary action against the student which may result in confiscation of the cellular telephone or ECD/ESD, suspension and or the device being handed over to law enforcement. The student who possesses a cellular phone or ECD/ESD shall assume responsibility for its care. At no time shall the District be responsible for preventing theft, loss, or damage, nor shall the District be responsible for investigating any theft, loss, or damage. All electronics are at your OWN RISK. Refer to DK Board Policy for more specifics related to ECD/ESD.

CHILD PROTECTION

All school personnel/employees are identified as mandated reporters under the Child Abuse and Prevention Act. Meaning school personnel must make a report to the local Child Protective Service (CPS) department if there is a reasonable cause to suspect abuse or neglect. The MI Child Protection Law defines child abuse and neglect as harm or threatened harm to a

child's health or welfare by a parent, legal guardian or any other person responsible for the child's health or welfare. In Michigan it is then the responsibility of the Department of Human Services/CPS to investigate reports of suspected child abuse and neglect. *Act No. 238, Public Acts of 1975 722.623, Section 3, as amended by 2002 PA10.*

EMERGENCY/ENROLLMENT CARD INFORMATION

It is imperative that the office has accurate and complete address and telephone information so that a family member or friend can be contacted in case of an emergency. The student's parent/guardian should complete the school district's emergency medical treatment authorization form to indicate their preference of hospital, doctor, and dentist for emergency treatment. Please notify the office whenever any information changes. Also, let the school know of any special health problems, conditions or medications.

FUND RAISING

All fund raising must be approved by administration. Students selling items or raising funds for outside agencies must request and gain approval of the administration in advance of selling or raising any funds. The Student Council and the school administration sponsor school wide fundraising during the year. Families will be held responsible for and billed for any money owed after the collection due date. Students owing money may not be allowed to attend activities financially supported by the fundraiser.

HALL PASSES

Students in the hall without a signed pass will be escorted/directed back to their assigned class. Students should take care of personal needs during passing times and breaks to reduce the need to leave class.

LOST AND FOUND

These items are to be turned in to the office. These items will be stored in the office or in the office hallway. At the end of every week, unclaimed items will be thrown out or given to charity.

MEDICATION

All medications prescription and non-prescription, should be given at home when possible. If medication must be given during school hours, we will follow the medication procedures, recommended by the Michigan Department of Health and the Barry-Eaton Health Department as follows below:

1. A Medication Administration Form must be completed and signed by a parent and physician and turned in to the school office. These forms are available in the school office.
2. An adult should bring medication to school. It must be in the original container, identified with

student's name, pharmacy Rx number, name of medication, dosage, and time to be administered.

3. Parents/guardians are requested to make arrangements to pick up any unused medication at the end of the school year. Medication not picked up by the last day of school will be destroyed.
4. Aspirin, cough syrups, antihistamines, etc... need to be brought in by an adult. This medication also requires a Medical Administration Form to be completed with parent signature (DKMS does not provide over the counter medications to students.)
5. Some self-administered "inhalers" may be kept on the student or in the locker, but a Medical Administration Form must still be completed with a parent signature.
6. Questions concerning specifics dealing with the administration of medication may be directed to the middle school principal.

PETS/ANIMALS

Prior permission from the administration and classroom teachers must be obtained before bringing pets/animals to school.

SELLING/TRADING

Selling or trading personal goods is not allowed at school. Items sold or traded may be confiscated by school staff. Delton Kellogg Schools does not accept liability for items that are stolen, damaged, unpaid for or not returned. We recommend these items not be brought to school, sold or traded.

SEARCH AND SEIZURE

To maintain order and discipline in the school and to protect the safety and welfare of students and school personnel, school authorities may search a student, their locker and his/her possessions including vehicles, and may seize any illegal, unauthorized, or contraband materials discovered in the search. A search may be conducted at any time and the student is under the jurisdiction of the Board of Education, if there is a reasonable suspicion that the student is in violation of law or school rules. A search may also be conducted to protect the health and safety of others. All searches may be conducted with or without a student's consent.

Student lockers and the parking lot are school property and remain at all times under the control of the school district. School authorities for any reason may conduct periodic general inspection of lockers at any time without notice, without student consent, and without a search warrant. A student's person and/or personal effects (e.g., purse, book bag, athletic bag, cell phone, or vehicle) may be searched whenever a school official has reasonable suspicion to believe that the student is in possession of illegal or unauthorized materials. No search warrant is required by law. If the search yields

illegal or contraband materials, such findings shall be turned over to proper legal authorities and are subject to all school and states code for disciplinary action.

All computers located in the classrooms, student devices provided by the district, labs and offices of the District are the District's property and are to be used by students, where appropriate, solely for educational purposes. The District retains the right to access and review all electronic, computer files, databases, and any other electronic transmissions contained in or used in conjunction with the District's computer system, and electronic mail. Students should have no expectation that any information contained on such systems is confidential or private.

Review of such information may be done by the District with or without the student's knowledge or permission. The use of passwords does not guarantee confidentiality, and the District retains the right to access information in spite of a password. All passwords or security codes must be registered with the instructor.

A student's refusal to permit searches and seizures, as provided in this policy, will be considered grounds for disciplinary action and the search will be completed without the student's consent.

CANINE SEARCHES

The overall intent of the use of detection canines on the school campus is to provide a deterrent to the presence of contraband items on school property. The ultimate goal is to assist in providing a learning environment free from contraband items. Areas such as lockers, gym areas, common areas and parking lots may be searched. Students shall not be subject to search by dogs. Any and all belongings brought into the classroom, however, may be subject to search.

SURVEILLANCE/PHOTOGRAPHY/VIDEOS

The DK Board of Education authorizes the use of video cameras on district property to ensure the health, welfare, and safety of all staff, students, and visitors to district property and to safeguard district facilities and equipment. Video cameras may be used in locations as deemed appropriate by the superintendent.

Students in violation of board policies, building rules, or law shall be subject to appropriate disciplinary action. Others may be referred to law enforcement agencies. Video recording may become a part of a student's educational record. The district shall comply with all applicable state and federal laws related to record maintenance and retention.

EMERGENCY SCHOOL CLOSINGS AND DELAYS

Please do not phone the school or bus garage. When schools are closed due to severe weather, after school activities are also cancelled. In case it is necessary to cancel or delay school, an automated system will be used

to call/email homes and local radio and television stations will be notified.

EMERGENCY PROCEDURES

We work hard to create a safe and friendly place for students and to prevent harmful events from ever happening. The District Crisis Plan is in place with procedures and teams of staff at each building who are ready to respond to emergencies, which might arise. Safety drills will occur at times established by administration and in accordance with school code. Students are required to be silent and shall comply with the directives of school officials and local law enforcement during emergency drills.

Code Red: Lock Down

This is a life-threatening situation in progress occurring at a school site. Students remain with their teachers in the classrooms or at an evacuation area to await further instructions and people arriving at the building are restricted. Attendance is taken to account for each student. All other areas of the school campus are placed on a Code Yellow. A planned evacuation of students on school buses to an off campus location is executed with law enforcement officials. To effectively execute our District Crisis Plan, our partnership with you at home is vitally important. Parents need to be certain that their children know where they are to go in the event of an emergency dismissal of any kind. With younger children, it may be wise to attach names, addresses, and phone numbers on the inside of a backpack. It is also crucial to keep school secretaries informed in advance of all potential emergency contacts for your family.

Code Yellow:

This is a situation that warrants moving to a secured area, but is not considered immediately life threatening. Students remain with their teachers in the classrooms to await further instructions and people arriving at the building are restricted. Attendance is taken to account for each student. In some cases, Code Yellow is used to ensure privacy and clear access in the event that a person requires emergency medical attention from EMS staff. In other cases, it may serve as a precautionary safety measure because of a potential problem with the school facilities or a breach of school security. An orderly, regular dismissal from school may occur in collaboration with area law enforcement officials.

Fire Alarms:

The sounding of the first alarm is the signal for evacuation of the buildings. The entire building must be evacuated under all circumstances when this alarm sounds. Maps for leaving DKMS are posted in each classroom and the instructors will explain the exits to students. During lunches, before and after school and between classes, students are to use the nearest exit. Please keep in mind that in a real fire, intense heat may cause windows to explode outwardly, therefore, safe evacuation should not only be swift and orderly, but students and staff should be at least 100 feet from the building. Only if and when the

“all-clear” signal is given, students should return quickly and orderly to their classrooms.

Severe Weather Alarms:

A tornado watch means tornadoes are expected to develop; a tornado warning means a tornado has been sighted. The severe weather alarm will be sounded over the public address system or by verbal dismissal from office personnel if electrical power is out. Maps of severe weather safety routes and areas are posted in each classroom and will be explained to students by their instructors. During severe weather, students should not be within 25 feet of outer doors and should also be at least 10 feet from windows. Students should be in a kneeling position with hands clasped around the back of the neck. In open country, as in outdoor physical education activities, move away from the tornado’s path at a right angle. If there is not time to escape, lie flat in the nearest depression such as a gully, ditch, or ravine.

1. Students will be dismissed from school *if time allows them to reach home safely.*
2. Buses will be notified to begin runs *if time allows them to reach home safely.*
3. Shelter and supervision will be provided for the students in the school *if time does not allow students to reach home safely.*
4. In the event of a tornado watch students will remain on campus until dismissal time and after school activities will be cancelled.
5. In the event of a tornado warning, students should follow emergency procedures as directed by school personnel and all after school activities will be cancelled. Students will not be released until the all clear signal has been issued. *Parents should not attempt to pick up their child in these events. If there is not time to escape, lie flat in the nearest depression such as a gully, ditch, or ravine.*
6. Students will be dismissed from school *if time allows them to reach home safely.*
7. Buses will be notified to begin runs *if time allows them to reach home safely.*
8. Shelter and supervision will be provided for the students in the school *if time does not allow students to reach home safely.*

II.STUDENT--PARENT SERVICES **BOOKS**

Books are the property of DKMS and are loaned to you for the year. If they are lost or damaged, YOU will be responsible for repair or replacement costs. Students will not be allowed to check out additional library books until

they have returned the books they currently have checked out.

The staff may randomly check books and restitution may be sought if books are in poor condition.

CAFETERIA — BREAKFAST/LUNCH/RECREATION PROCEDURES-WELLNESS

1. Free or reduced price meals are available for qualifying students. For an application, contact the food service department or middle school office.
2. Come prepared to the cafeteria by bringing your lunch, money, jacket, recreation equipment and anything else you may want during this time. Passes are required to leave the cafeteria. Food service staff appreciates deposits to lunch accounts being made before school starts (7:45 – 8:00AM).
3. The school will not accept responsibility if items are lost, damaged, or stolen.
4. Students are expected to behave in a respectful manner. All students are responsible for cleaning up after themselves. All trays, dishes, eating utensils, etc... are to be taken care of properly. Open beverages and food are not to be taken from the cafeteria. Tables must be wiped clean. Disregarding lunchroom procedures may result in cafeteria clean up, detention, assigned seating, loss of recess privileges, referral to team and/or problem solving room, or documentation as a minor misconduct violation.
5. Students are expected to remain inside the designated boundaries during lunch/recess. Dugouts are off limits at all times. Boundaries are posted in the cafeteria.

Breakfast: Breakfast (hot and cold entrees) is served each day from 7:40 AM to 7.55 AM to allow you time to get to class by 7:55AM. Breakfast WILL be served on half days.

Lunch: Every day students have their choice of a main dish, salads, or a hot/cold sandwich. A fresh sub bar is also available for an additional charge. You may pay cash for your breakfast and lunch as you go through the line, or you may purchase lunch credits from the cashier (preferably, before school starts). Lunches may not be charged. You may be given an account number. Please do not give your account number to anyone. When eating breakfast or lunch, all you need to do is give your number to the cashier. The same applies for the free and reduced breakfast and lunch applicants.

Parents can be notified of their child's account balance through PowerSchool Access. Register for this service by contacting the school office.

Delton Kellogg School District Meal Charging Policy
The purpose of having a meal charging policy is to establish consistent and clear meal account procedures throughout the

district. There is a fine line between considering the fiscal integrity of the district and the solvency of the food service program, while also meeting the nutritional needs of students.

GOALS:

- To ensure that students have a healthy meal and that no child goes hungry. Reimbursable meals will include all five (5) offered meal components (grain, meat or meat alternative, fruit, vegetable and milk) and must include a fruit and/or vegetable component.
- To treat all students with dignity and confidentiality in the serving line.
- To foster clear and positive communication among staff, administrators, teachers, students and the parent/guardian.
- To establish fair practices that will be used consistently throughout the district regarding meal charges and the collection of said charges.

SCOPE OF RESPONSIBILITY:

The Food Service Department:

6. • Responsible for maintaining meal account records. Robo calls and low balance emails are made to households when a student has a negative lunch account balance.
 7. Responsible for providing written documentation of lunch activity when requested and working with households towards a reasonable resolution.
- Responsible for notifying school administration of potential problems and/or repeat offenders.

The Parent/Guardian:

- Responsible for immediate payment when their student has a negative balance.
- Responsible for completion of the Free/Reduced Lunch Application when circumstances reflect the need. Applications can be completed any time during the school year and a family can apply multiple times when income and/or living scenarios change.
- Responsible for notifying your student's building Principal or Food Service Director if a family is doubled up or living in a homeless situation. This situation may qualify all students in the household for free meals during the school year under the McKinney Vento Act.
- Responsible for monitoring lunch activity.

MEAL ACCOUNTS:

We strongly discourage meal charges, but understand that an occasional emergency, shortage of funds, or forgetfulness may make it necessary. Meal charges are a temporary solution and are not intended to address the broader issue of whether a parent/guardian has an inability to pay for a meal for his/her child. In those instances, an application for Free or Reduced Meal Benefits should be completed. Applications can be obtained from all building level offices, the Superintendent's office and accessed online at lunchapp.com. The parent should be reassured that this process will be treated with the utmost of confidentiality. As a matter of practice, parents/guardians are encouraged to make meal payments in advance. Personal checks and cash deposits are accepted daily at the schools. Payments can be made for one week, several weeks or even months in advance. The District uses a computerized meal credit system to account for student meals

and ala carte sales. All students have personal accounts regardless of their form of payment. The process is the same whether the child is a free, reduced or full pay student. This process maintains the integrity of the child. Similar to a bank account, each student has a school ID number that stays with them for their duration in the Delton Kellogg School District. Lunchroom cashiers at will verbally notify students at the register when their meal account is in the negative in a discreet manner. If it is not possible to notify the student in a confidential manner the staff will not address the negative balance with the student. Delton Kellogg strives to maintain privacy and avoid all methods that could embarrass or be interpreted as “lunch shaming.”

MEAL CHARGING POLICY:

Although not required by law through the National School Lunch Act or the Healthy Hunger Free Kids Act, limited meal charging will be allowed as a courtesy to families, under the following conditions:

Delton Kellogg Students:

Only reimbursable meals may be charged. No ala carte purchases can be charged.

When a student charges a meal, their meal balance becomes a negative balance. When a student has a negative balance a Robo call is made to the household indicating the negative balance for the student. Low balance emails will also be sent to parents/guardians to alert them when their student’s balance gets below -.01. If the negative balance continues the Food Service Department will contact the parent or guardian to arrange a payment plan, discuss options and will mail a free/reduced lunch application to the home.

Immediate repayment is expected for all charged meals and/or meal supplements.

No charging will be permitted 2 weeks prior to the end of the school year.

All unpaid charges will be added to the list of any outstanding fees or unpaid fines at the end of the school year. Payment must be made in full to the Delton Kellogg School District.

Delton Kellogg School Board of Education recognizes that healthy, nutritious meals are an important component to student readiness and ability to learn. In addition, Title 7, Code of Federal Regulations (CFR), Part 210.10(a)(1) General Nutrition Requirements states “Schools must provide nutritious and well-balanced meals to all the children they serve.”

In accordance with this regulation, Delton Kellogg School District will not deny any student access to school lunch. However, by statute, the district’s Food and Nutritional Services department is a self-supporting fund that shall not have a negative balance at the close of a fiscal year.

Unpaid charges place a financial strain on the Food Service Department and on the district’s operating budget. To be fair and equitable and in order to ensure compliance of all who participate in the school meal program, the policy establishes procedures for methods of payment, charge availability and collection procedures.

WELLNESS/ ENERGY DRINKS – DKMS supports student wellness. We recommend healthy snacks for our students. Energy Drinks (Beverages that contain large doses of caffeine, and other legal stimulants like ephedrine, guarana, and ginseng), are known to have dangerous side effects for children and are not permitted for student consumption on

school grounds during the school day. (This includes transportation and as a lunch beverage.) All beverages need to have the ability to be sealed and spill proof. Open containers are not allowed.

CHILD STUDY TEAM PROCESS

1. The Child Study Team Process (CST) is initiated to implement early academic and/or behavioral interventions for students who are having difficulty in social, emotional and/or academic areas.
2. The CST process utilizes a systematic problem-solving process that links functional assessment with strategic peer-reviewed evidence or research based interventions.

The CST process will prepare, through collaborative consultations involving educational professionals, identified strategies to implement in the classroom, along with instructional assistance and/or available supports that impact and increase student learning and success.

3. The CST may consist of parents, classroom teachers, Title One teachers, (when applicable), school psychologist, administrator, and the school counselor.
4. A CST meeting may be requested by the classroom teacher, the administrator, or the parent/guardian.

GUIDANCE AND COUNSELING

Our counselors are always happy to see you. If there is something you would like to discuss with them, please use the forms available in your classrooms or the counseling waiting area. A counselor will see you as soon as possible. Students should obtain a pass from their classroom teacher (assigned/scheduled classroom) prior to going to the counseling department. Students should not sit and wait in the counseling area – if no one is available, the request form should be completed and the student should return to class.

LOCKERS

1. You will be assigned a locker and a private combination.
2. You are to use only the locker assigned to you throughout the school year.
3. DO NOT keep money or other valuables in your locker, and DO NOT set your locker for easy opening.
4. Lockers are school property and are on loan for your use.
5. You are responsible for the content of your locker and its condition. Tape or other adhesives are not to be used – magnetic decorations only. Students are expected to assume full responsibility for the security of their lockers. Students should not expect privacy regarding items placed in school property because school property is subject to search at any time by school officials.

MEDIA CENTER

The Media Center serves you during the school year.

Passes may be given by the lunchroom supervisors (based on availability). The number of students allowed may be limited if scheduling conflicts arise. You may use the reference materials in the Media Center and check out books, magazines and information files. The number of books allowed for check out may be limited. Be sure to return all materials or books on time or you will be prevented from checking out additional books. You are responsible for the cost of lost or damaged materials.

PARENT--TEACHER CONFERENCES

Parent-Teacher conferences are scheduled yearly. Additional conferences may be scheduled at any time during the school year by calling the DKMS office at 269-623-1540. You can also attempt to schedule directly with your child's teacher by leaving a phone message or using email.

POLICE SCHOOL LIAISON OFFICER (PSLO)

In the Fall of 1998, The Delton Kellogg Public Schools and the Barry Country Sheriff's Department formed a partnership and established the Police School Liaison Officer (SLO) position. The duties of the Liaison Officer are centered primarily in the prevention of problems and maintaining a safe environment for students, rather than the apprehension of juvenile offenders. The full time police officer's daily routine may take a variety of avenues, including – but not limited to – the educational professionals and agency representative, formal classroom presentation and investigation of various activities. Establishing rapport with students, faculty, parents and the community to help students to grow and develop into well-rounded citizens is the goal of the SLO program. The benefits of the SLO program translate into the individual student being assured that not only will he or she receive fair and impartial treatment, but that their birthright to learning and growing in a safe, healthy and concerned environment is being protected.

Beginning in January of 2000, Michigan Public Act 104 requires the exchange of information regarding law violations by students from the police and courts to the schools and the reporting of various incidents and school violations to law enforcement officials. The SLO assists in the coordination and reporting of this information.

POWERSCHOOL/EDMODO

Parents may access their student's records electronically through PowerSchool. The parent may access student grades, attendance, lunch account information, and communicate via email with teachers. Parents wishing to utilize this service should contact the middle school office. EDMODO is our learning management system and parents can use this system to track student attendance, class activities, and view the students electronic planner. Teachers can give parents access to their EDMODO group.

PROBLEM SOLVING

The primary purpose of the Problem Solving Room is to train students to take ownership of their behavior and act responsibly. Students will be removed from the problem

situation. The intent is to increase the likelihood that the students will evaluate the behavior's they are choosing; learn that they are responsible for choices, and develop the skills to make more effective choices. Students sent for problem solving will report to the PSR to check in. The supervising staff may begin to preliminary problem solve with the student or draft a plan. If specific teacher is involved, time will be set so involved parties can discuss the solution. An administrator or counselor will be consulted for follow – up with the student if necessary.

PROBLEM SOLVING ROOM (PSR)/ IN SCHOOL SUSPENSION ROOM (ISSR)

The PSR/ISSR serves four purposes:

1. Time-Out – Requested by teacher usually not to exceed 30 minutes.
2. Problem Solving
3. Lunch Detention/Classroom Parent contact will be made by referring staff.
4. In-School Suspension

Behavior at anytime in PSR/ISS is expected to be appropriate. Failure to do so may result in a phone call home and being sent home for the remainder of the day. Student behavior while in detention or suspension will be recorded and evaluated. Students sent to the office for behavior violations may be asked to wait in the PSR for an available administrator. All room rules apply and failure to follow may result in disciplinary consequences.

SCHOOL SUPPLIES

Pen and pencils are for sale in the SE doorway.

SCHOOL TECHNOLOGY

The use of school technology is a privilege intended to enhance student learning in the following ways:

- * To help learn about technology
- * To help learn how to gather information
- * To help learn how to communicate with others.

The office/technology department requires a technology use form signed by parent and student – before any student has access to DKMS Technology.

See Technology Handbook

STUDENT COUNCIL

Student Council operates with an executive board make up of both 7th and 8th graders and a general assembly, which is open to all students' 5th – 8th graders. This Council helps plan and/or sponsor special events throughout the school year. Student Council utilizes the consensus-meeting model to conduct their business. A Student Council member must show good citizenship and academic effort.

STUDENT PLANNERS

The school will provide an electronic planner to all

students through EDMODO. Students will be encouraged to use their planner daily to organize their learning, and as a communication tool between home and school. Hall passes will be given weekly and students are only allowed two hall passes per day. If a student loses their sheet of weekly passes, they will not be given any additional passes until the following week. Hall passes will be strictly enforced.

TELEPHONE

The office telephones must be free for school business and may be used for discipline, illness and emergency calls only. The office phone is to be used only before and after school, during lunches (with a pass), and with a pass from the teacher during class time.

In all cases, students must have permission to use phones during school hours. Making false 911 phone calls is illegal and will be referred to law enforcement officials.

TRANSPORTATION — DAILY

See Transportation Handbook

Please be sure that you arrive at the bus stop on time. Students are expected to follow all rules of conduct for proper bus behavior as given to you by your bus drivers. DK transportation is an extension of the educational day. All school rules and regulations are in effect and carry over during the time of transportation, boarding/exiting and waiting for the bus's arrival. The transportation department and school administrators will work in conjunction with disciplinary infractions which are severe or persistent. The transportation department will provide all riders with a comprehensive handbook. For the safety of our students, they will not be able to board a bus that is not assigned to them without a written communication from a guardian.

EXTRA--CURRICULAR BUS TRANSPORTATION

The same basic rules also apply to students riding buses to athletic events, musical competitions or other school related activities.

See Transportation Handbook

III. ACADEMICS

SPECIAL REPORTS AND REPORT CARDS

Report cards are issued at the end of every grading period. Parents/Guardians will be notified at mid-term if students are failing. Parents/Guardians can also request to have daily progress reports emailed, or teachers can produce these reports weekly if you request.

Refer to PowerSchool section under Student-Parent Services.

STUDENT OF THE MONTH

Each month, classroom teachers nominate students for Student of the Month Recognition. Nominations are based on academics and good citizenship.

END OF THE YEAR HONORS

At the end of the year, honors are calculated for all students. These honors awards are determined by grade point average calculations. They are not based on the status of receiving grading period honor roll recognition. The cumulative GPA that will be used to determine the Gold, Silver and Bronze Awards will be calculated on May 1st for the academic school year. Honors are also given for outstanding skills in performance classes and participation in student activities.

IV. EXTRA--CURRICULAR INFORMATION

AFTER SCHOOL ACTIVITIES

If you wish to remain after school to work with a staff member, you must have a staff member's permission and a note from your parent or guardian.

Students are not allowed in the building after 3:25 PM unless supervised by a staff member, for example, being with a coach for a practice or a game, attending a special event for your grade level or a student group activity. Younger/older brothers and sisters or friends are not allowed to attend athletic practices or student group activities.

Responsible and respectful behavior at these events will be a positive reflection of citizenship at DKMS. Students must be in school for at least half the day on the day of the event in order to attend or participate in any after school event. Students may not attend or participate in any after school activity on days they have been referred to the office for a major behavior violation or suspended either in or out of school.

ASSEMBLIES/FIELD TRIPS/ACTIVITIES

Throughout the year, assemblies and field trips are sponsored by the student council, administration and various classes at DKMS. These activities are considered an extension of the classroom. Student behavior at these events is a reflection of our school and community and should be in alignment with our code of conduct. Participation/attendance at these events may be affected by the student's citizenship, grades, attendance, behavior referrals and/or specific guidelines set by teachers and administration.

Most after school grade level activities are held from 3:30 – 5:00 PM. You will not be admitted to the event after 3:30 PM and you will not be allowed to leave before 5:00 PM without written permission from a parent/guardian and approval from school administration to leave early. If students leave early, they will not be re-admitted. All students are expected to be picked up immediately at the conclusion of the activity. Students are to make transportation arrangements the day before the event, not during the school day or after the event has ended. Failure to make these arrangements may result in the student not being allowed to attend the next activity.

Student's, who commit major violations to the code of conduct of an unlawful nature, will not be allowed to attend non-curricular field trips and these violations may impact a student's ability to participate in a curricular field trip. Persistent disobedience may also result in a student's

inability to attend field trips or after school activities. (This decision will be made by administration.)

MIDDLE SCHOOL ATHLETICS

Girls and Boys Basketball – Grades 6, 7, and 8
Girls and Boys Track – Grades 6, 7, and 8
Volleyball – Grades 6, 7, and 8
Wrestling – Grades 6, 7, and 8
Cross Country – Grades 6, 7, and 8

Practices – students are expected to attend all practices. If a student is enrolled in a physical education class, he/she must be dressed and must participate in the physical education class period. Failure to do so will automatically exclude the student from any practice or game that day. A doctor's excuse or a parental excuse excluding the student from physical education will automatically exclude the student from athletic practices and games for the duration of the P.E. exclusion. In order to be eligible to participate in an athletic contest, the student-athlete must practice consistently. Younger/older brothers and sisters or friends are not allowed to attend athletic practices.

All school sponsored athletic activities not only operate under the rules of the Michigan High School Athletic Association, but also must adhere to DKS athletic policy. All MS athletes will receive a DKS Athletic Handbook at the beginning of their season. In the event of school closing or early dismissal due to weather or disaster, all middle school athletic events (practices/contests) will be cancelled.

Middle School Athletic Eligibility Policy and Athletic Code (Additions and Variances to the Delton Kellogg Athletic Handbook)

Participating in Delton Kellogg Middle School Athletics is a privilege that needs to be earned. In order to earn the privilege of trying out/competing in interscholastic athletics, a student needs to do the following:

1. In order to compete in a school sponsored athletic must be passing 66% of their classes in order to be eligible, 6 classes=passing 4 or more.
2. Athletic eligibility is checked every week and counts for the week AFTER it is taken, so if an athlete is not eligible on the Friday of eligibility, it means that he/she may not participate in any competitions/games/matches the following Sunday – Saturday. If ineligible, he/she will not be able to dress or participate at contests. This will continue until grades improve to a passing/eligible level.
3. Behavior is also a consideration for participation. If a student is referred to the office for committing a major behavior violation the day of a practice/contest, he/she will not be eligible to practice or compete that day. This

is also true for an out of school suspension occurring on the day of a competition/game or match.

4. Students may not attend assemblies or after school activities. They may attend but not participate in athletic practices, games, and/or participate in any events on the day (s) they are assigned to in-school suspension. Athletic coaches will be informed of ISS attendance.
5. Students also need to have a current physical on file with the athletic director BEFORE being eligible to practice for a sport. The physical must be completed after April 15th of the previous school year. Forms are available in the Middle School office, and must be signed by a parent/guardian. * DK will offer sports physicals each spring for a reasonable cost to families.
6. Students will need to fill out a Michigan High School Athletic Association concussion form annually.

Student athletes must always keep in mind that they are representatives of the entire Delton Kellogg School District and need to accept this responsibility seriously and with pride. Again, participation in extra-curricular activities, including athletics, is a privilege, not a right and must be treated accordingly.

V. GENERAL BEHAVIORAL EXPECTATIONS

PANTHER CODE – SK2R

*** SAFE * KIND * RESPECTFUL * RESPONSIBLE***

CELL PHONES/ELECTRONIC COMMUNICATION

See Cell Phone Section under General Information for more detail and DK Board Policy. It is not advised that these items be brought to school. If a student makes that choice, it shall be turned off and remain out of sight or turned into the middle school office from the time of the first bell each school day to the time of the last bell each school day. Under no circumstances should they be on or out during instructional or class time, during passing time, restroom/drink/hall breaks, breakfast and lunchtime and at school-sponsored events where there is a reasonable expectation of quiet. PERSONAL BELONGINGS/DISRUPTIVE ITEMS

Defined as: belongings that cause interference to student learning or become a problem or safety issue to have at school.

DKMS is not responsible for lost, misplaced, or stolen items. Students are NOT encouraged to bring personal belongings to school. However, if they choose to do so, it is with an understanding that: 1) this is a privilege 2) they are doing so at their own risk and 3) DKMS will not investigate issues related to personal items.

If brought to school, students are to keep CD/MP3 players, electronic toys, trading cards, other types of toys and electronic devices in their lockers during instructional hours or make arrangements for safe keeping with the office or classroom teacher. Items that cause a disruption or interference may be confiscated by staff or administration and held until the end of the school day or a parent may be required to pick up the items at school. Parents will be notified in the event that the students have lost the privilege of bringing personal items to school. NOTE: Headphones, which are allowed in conjunction with the use of chrome book technology, are not to be worn while a student is in transition.

STUDENT APPEARANCE

The school does not rule a student's taste in dress. However, the school does require certain standards that are based upon factors of health, safety and maintaining the orderly function of the school. It is expected that students should come to school clean, well-groomed and in attire that is not offensive or distasteful. Examples of clothing and accessories not considered appropriate for the school environment include, but are not limited to:

1. Headwear. For example: bandanas, hoods, caps, hats, and scarves.
2. Sunglasses.
3. Clothing, jewelry, wallets with sharp studs, spikes, and chains.

6. The following shorts shall not be worn during the school day: biker shorts, boxer shorts, spandex shorts, swimming trunks, or shorts deemed inappropriate by school staff or administration. Other dress code expectations are still in effect such as: no undergarments showing, provocative messages etc...
16. Students should not write on the skin of themselves or others with ink/paint etc....
17. Appropriate footwear must be worn at all times.
18. Yoga pants may be worn with tops that are as long as tips of thumbs when arms are hanging by sides with fingers and thumbs extended.

Student appearance expectations are in effect at all school sanctioned events unless stated otherwise. At the discretion of the administration, students who violate the dress code may rectify the situation in school or will be asked to call home for a change of clothes. If this cannot occur, students/parents will be given the option of wearing alternative clothing provided by the school. Students will not be allowed back into the general school environment and will remain in the in school suspension area, until the violation of the dress code can be rectified.

SUBSTITUTE TEACHER/VOLUNTEERS

Substitute teachers, volunteers and student teachers are as much a part of our school as anyone else. They are guests in our building therefore, they are to be extended the respect and courtesy they deserve. Students are expected to make substitutes, volunteers, and student teachers feel welcome.

V. STUDENT DISCIPLINE

Student behavior to, from, and at school and school events, as well as all student behavior on Delton Kellogg School property, is expected to follow the regulations set forth in the code of conduct. Delton Kellogg Middle School reserves the right to set forth as part of this code of conduct those rules and regulations necessary and proper for carrying out the execution of the educational programs of the school, which are not specifically stated herein, as the need arises. The examples listed below are not the only acts or conditions for which disciplinary action is warranted, nor do they in any way limit these regulations and rules. The offenses and penalties listed are only guidelines. Actual circumstances and the severity of those circumstances may dictate disciplinary actions not otherwise outlined.

DISCIPLINE PHILOSOPHY

Two of the most important lessons education teaches are respect and responsibility. DKMS promotes a positive behavior support system and students are expected to behave in an acceptable manner and always consider the rights, safety, property, and feelings of others. All behavior has consequences. Students exercising self-discipline, respect, and responsibility will have positive consequences for their choices. Students who choose inappropriate behavior will face appropriate consequences. Each situation will be assessed individually.

DKMS has an obligation to its students and their parents to provide an atmosphere where students can learn and develop to the best of their abilities. Positive consequences and discipline will be used to provide a safe and orderly environment for everyone.

Student Responsibility: Students are expected to follow the student Code of Conduct and be aware of its content. Students are expected to take responsibility for their actions. Students must be aware of the consequences for continued unacceptable behavior.

Teacher Responsibility: When teachers are having difficulty with individual students regarding behavior and/or academics, they will choose the appropriate strategies/consequences for working with the students and keep a written record of their efforts.

Parent/Guardian Responsibility: Parents/Guardians are expected to review and have awareness of the student Code of Conduct.

MINOR BEHAVIOR VIOLATIONS

The teacher/staff, working with the student, initially handles minor behavior violations. Warnings, reminders, phone calls etc.... may occur to help children become aware of expectations. Following warnings/reminders offenses will be dealt with as described in the section: Procedures for Minor Behavior Violations.

Examples – but not limited to:

1. **All Behavior –** potentially disruptive or unsafe: running, pushing, shoving, horseplay, etc... on any school grounds/bus stops.

PROCEDURES FOR MINOR BEHAVIOR VIOLATIONS LEVEL 1, 2, AND 3

Initially handled by teacher/team/staff members. Upon repeated warnings/reminders/conversations the Level System will begin. In all instances, problem solving conversations will occur with the referring staff member. Once in the PSR room a leveling system will begin (please see ISSR/PSR Procedures):

Level One a behavior plan will be developed by the student and be approved by staff and parent; Level Two a behavior plan will be developed by the student and will be approved by the staff and parent. The student must return the plan, signed by the parent/guardian, the following school day. If the plan is not returned with a parent/guardian signature, the student will serve lunch detention that day and the student's plan will still be followed.

Level Three the student will earn one day of IN SCHOOL SUSPENSION (ISS) The principal will create a plan for the student and will communicate the plan with the parent/guardian (phone call, email, etc.). The student must return the plan, signed by the parent/guardian, the following school day. If the plan is not returned with a parent/guardian signature, the student will serve lunch detention that day and the student plan will still be followed.

Note in some instances a student may be required to serve lunch detention, to write plan, or confer with the teacher. In

other instances a student may be released from another class to confer/problem solve with the referring staff member.

The goal of this process is to help students make more responsible choices. Therefore, if a student has shown improvement by making appropriate choices, they could remain at the same point in the process if they are written up again. This decision will be made by the teacher/team and/or administration.

Minor Behavior Violation Consequence Options (but not limited to):

In some cases, consequences will be issued in addition or in lieu of developing a problem solving plan and consulting with the staff member. These consequences may include: lunch detention, before school detention, letters of apology, written acceptance of responsibility, assigned seating, loss of recess, time-out, meetings with counselors or school liaison officer, and/or special project work/community service, In or Out of School Suspension.

MAJOR BEHAVIOR VIOLATIONS

When, the judgment of the administration, faculty or staff, a student's behavior adversely influences others, interferes with the educational process, or infringes on the rights of others, this behavior is grounds for suspension and possible expulsion from the Delton Kellogg Schools.

SUSPENSION

Suspensions from school are a serious consequence. State law in Michigan recognizes that schools have the right and obligation to suspend and/or expel students for

gross misdemeanors or persistent disobedience. Suspension and/or expulsion from school will be used to maintain safety and order, and to demonstrate that certain types of behavior, which are detrimental to the learning environment, will not be tolerated. Parents will be notified of a decision to suspend, the reasons behind the decision and length of suspension. If parents cannot be reached, the student may be kept at school, but out of class (debarment) until the end of the day. Administrator and/or teaching team, parent and the student will discuss plans for successful reinstatement into the classroom. Students are allowed to complete their class assignments and earn credit for them. Arrangements for due dates need to be made with the teacher and are the responsibility of the student. Depending on reasons for suspension, a re-entry conference and/or plan for improvement may be required upon the students' return to school.

SUSPENSION AND/OR DISCIPLINE OF SPECIAL EDUCATION STUDENTS

Policies shall be applied in a manner consistent with the rights secured under federal law to those pupils who are determined to be eligible for special education programs and services.
